Issue Three

Grants a monopoly for the commercial production and sale of marijuana for recreational and medicinal purposes

Proposed Constitutional Amendment

Proposed by Initiative Petition

To add Section 12 of Article XV of the Constitution of the State of Ohio.

A majority yes vote is necessary for the amendment to pass.

The proposed amendment would:

- Endow exclusive rights for commercial marijuana growth, cultivation, and extraction to self-designated landowners who own ten predetermined parcels of land in Butler, Clermont, Franklin, Hamilton, Licking, Lorain, Lucas, Delaware, Stark, and Summit Counties. One additional growth facility may be allowed for in four years only if existing facilities cannot meet consumer demand.

- Permit retail sale of recreational marijuana at approximately 1,100 locations statewide. Such retail establishments must have a state license that may be obtained only if the electors of the precinct where the store will be located approve the use of the location for such purpose at a local option election.

- Legalize the production of marijuana-infused products, including edible products, concentrates, sprays, ointments and tinctures by marijuana product manufacturing facilities.

- Allow each person, 21 years of age or older, to grow, cultivate, use, possess, and share up to eight ounces of usable homegrown marijuana plus four flowering marijuana plants if the person holds a valid state license. Allow each person, 21 years of age or older, to purchase, possess, transport, use, and share up to 1 ounce of marijuana for recreational use. Authorize the use of medical marijuana by any person, regardless of age, who has a certification for a debilitating medical condition.

- Prohibit marijuana establishments within 1,000 feet of a house of worship, public library, public or chartered elementary or secondary school, state-licensed day-care center, or public playground, however: after a certain date, a new day-care, library, etc., cannot force a preexisting marijuana establishment to relocate by opening a new location within 1,000 feet of the business.

- Prohibit any local or state law, including zoning laws, from being applied to prohibit the development or operation of marijuana growth, cultivation, and extraction facilities, retail marijuana stores, and medical marijuana dispensaries unless the area is zoned exclusively residential as of January 1, 2015 or as of the date that an application for a license is first filed for a marijuana establishment.

- Create a special tax rate limited to 15% on gross revenue of each marijuana growth, cultivation, and extraction facility and marijuana product manufacturing facility and a special tax rate limited to 5% on gross revenue of each retail marijuana store. Revenues from the tax go to a municipal and township government fund, a strong county fund, and the marijuana control commission fund.

- Create a marijuana incubator in Cuyahoga County to promote growth and development of the marijuana industry and locate marijuana testing facilities near colleges and universities in Athens, Cuyahoga, Lorain, Mahoning, Scioto and Wood Counties, at a minimum.

- Limit the ability of the legislature and local governments from regulating the manufacture, sales, distribution and use of marijuana and marijuana products. Create a new state government agency called the marijuana control commission (with limited

authority) to regulate the industry, comprised of seven Ohio residents appointed by the Governor, including a physician, a law enforcement officer, an administrative law attorney, a patient advocate, a resident experienced in owning, developing, managing and operating businesses, a resident with experience in the legal marijuana industry, and a member of the public.

SHALL THE AMENDMENT BE APPROVED?

YES

NO

PROPOSED TAX LEVY (REPLACEMENT) BLANCHARD TOWNSHIP

A majority affirmative vote is necessary for passage

A replacement of a tax for the benefit of Blanchard Township for the purpose of providing and maintaining fire apparatus, appliances, buildings, or sites therefor, or sources of water supply and materials therefor, or the establishment and maintenance of lines of fire alarm telegraph or the payment of permanent, part-time, or volunteer firefighters or firefighting companies to operate the same at a rate not exceeding 1 mill for each one dollar of valuation, which amounts to \$0.10 for each one hundred dollars of valuation, for five years, commencing in 2016, first due in calendar year 2017.

FOR THE TAX LEVY

AGAINST THE TAX LEVY

PROPOSED INCOME TAX (RENEWAL) PANDORA-GILBOA LOCAL SCHOOL DISTRICT

A majority affirmative vote is necessary for passage

Shall an annual income tax of 1% on the school district income of individuals and of estates be imposed by Pandora-Gilboa Local School District, to renew an income tax expiring at the end of 2016, for 5 years, beginning January 1, 2017, for the purpose of current expenses?

FOR THE TAX

AGAINST THE TAX

PROPOSED (ORDINANCE/RESOLUTION) ELECTRIC AGGREGATION GILBOA VILLAGE

A majority affirmative vote is necessary for passage

Shall the Village of Gilboa have the authority to aggregate the retail electric loads located in the Village, and for that purpose, enter into service agreements to facilitate for those loads the sale and purchase of electricity, such aggregation to occur automatically except where any person elects to opt out?

YES

NO

Issue Three

Grants a monopoly for the commercial production and sale of marijuana for recreational and medicinal purposes

Proposed Constitutional Amendment

Proposed by Initiative Petition

To add Section 12 of Article XV of the Constitution of the State of Ohio.

A majority yes vote is necessary for the amendment to pass.

The proposed amendment would:

- Endow exclusive rights for commercial marijuana growth, cultivation, and extraction to self-designated landowners who own ten predetermined parcels of land in Butler, Clermont, Franklin, Hamilton, Licking, Lorain, Lucas, Delaware, Stark, and Summit Counties. One additional growth facility may be allowed for in four years only if existing facilities cannot meet consumer demand.
- Permit retail sale of recreational marijuana at approximately 1,100 locations statewide. Such retail establishments must have a state license that may be obtained only if the electors of the precinct where the store will be located approve the use of the location for such purpose at a local option election.
- Legalize the production of marijuana-infused products, including edible products, concentrates, sprays, ointments and tinctures by marijuana product manufacturing facilities.
- Allow each person, 21 years of age or older, to grow, cultivate, use, possess, and share up to eight ounces of usable homegrown marijuana plus four flowering marijuana plants if the person holds a valid state license. Allow each person, 21 years of age or older, to purchase, possess, transport, use, and share up to 1 ounce of marijuana for recreational use. Authorize the use of medical marijuana by any person, regardless of age, who has a certification for a debilitating medical condition.
- Prohibit marijuana establishments within 1,000 feet of a house of worship, public library, public or chartered elementary or secondary school, state-licensed day-care center, or public playground, however: after a certain date, a new day-care, library, etc., cannot force a preexisting marijuana establishment to relocate by opening a new location within 1,000 feet of the business.
- Prohibit any local or state law, including zoning laws, from being applied to prohibit the development or operation of marijuana growth, cultivation, and extraction facilities, retail marijuana stores, and medical marijuana dispensaries unless the area is zoned exclusively residential as of January 1, 2015 or as of the date that an application for a license is first filed for a marijuana establishment.
- Create a special tax rate limited to 15% on gross revenue of each marijuana growth, cultivation, and extraction facility and marijuana product manufacturing facility and a special tax rate limited to 5% on gross revenue of each retail marijuana store. Revenues from the tax go to a municipal and township government fund, a strong county fund, and the marijuana control commission fund.
- Create a marijuana incubator in Cuyahoga County to promote growth and development of the marijuana industry and locate marijuana testing facilities near colleges and universities in Athens, Cuyahoga, Lorain, Mahoning, Scioto and Wood Counties, at a minimum.
- Limit the ability of the legislature and local governments from regulating the manufacture, sales, distribution and use of marijuana and marijuana products. Create a new state government agency called the marijuana control commission (with limited

authority) to regulate the industry, comprised of seven Ohio residents appointed by the Governor, including a physician, a law enforcement officer, an administrative law attorney, a patient advocate, a resident experienced in owning, developing, managing and operating businesses, a resident with experience in the legal marijuana industry, and a member of the public.

SHALL THE AMENDMENT BE APPROVED?

- YES
- NO

PROPOSED TAX LEVY (REPLACEMENT) BLANCHARD TOWNSHIP

A majority affirmative vote is necessary for passage

A replacement of a tax for the benefit of Blanchard Township for the purpose of providing and maintaining fire apparatus, appliances, buildings, or sites therefor, or sources of water supply and materials therefor, or the establishment and maintenance of lines of fire alarm telegraph or the payment of permanent, part-time, or volunteer firefighters or firefighting companies to operate the same at a rate not exceeding 1 mill for each one dollar of valuation, which amounts to \$0.10 for each one hundred dollars of valuation, for five years, commencing in 2016, first due in calendar year 2017.

Issue Three

Grants a monopoly for the commercial production and sale of marijuana for recreational and medicinal purposes

Proposed Constitutional Amendment

Proposed by Initiative Petition

To add Section 12 of Article XV of the Constitution of the State of Ohio.

A majority yes vote is necessary for the amendment to pass.

The proposed amendment would:

- Endow exclusive rights for commercial marijuana growth, cultivation, and extraction to self-designated landowners who own ten predetermined parcels of land in Butler, Clermont, Franklin, Hamilton, Licking, Lorain, Lucas, Delaware, Stark, and Summit Counties. One additional growth facility may be allowed for in four years only if existing facilities cannot meet consumer demand.

- Permit retail sale of recreational marijuana at approximately 1,100 locations statewide. Such retail establishments must have a state license that may be obtained only if the electors of the precinct where the store will be located approve the use of the location for such purpose at a local option election.

- Legalize the production of marijuana-infused products, including edible products, concentrates, sprays, ointments and tinctures by marijuana product manufacturing facilities.

- Allow each person, 21 years of age or older, to grow, cultivate, use, possess, and share up to eight ounces of usable homegrown marijuana plus four flowering marijuana plants if the person holds a valid state license. Allow each person, 21 years of age or older, to purchase, possess, transport, use, and share up to 1 ounce of marijuana for recreational use. Authorize the use of medical marijuana by any person, regardless of age, who has a certification for a debilitating medical condition.

- Prohibit marijuana establishments within 1,000 feet of a house of worship, public library, public or chartered elementary or secondary school, state-licensed day-care center, or public playground, however: after a certain date, a new day-care, library, etc., cannot force a preexisting marijuana establishment to relocate by opening a new location within 1,000 feet of the business.

- Prohibit any local or state law, including zoning laws, from being applied to prohibit the development or operation of marijuana growth, cultivation, and extraction facilities, retail marijuana stores, and medical marijuana dispensaries unless the area is zoned exclusively residential as of January 1, 2015 or as of the date that an application for a license is first filed for a marijuana establishment.

- Create a special tax rate limited to 15% on gross revenue of each marijuana growth, cultivation, and extraction facility and marijuana product manufacturing facility and a special tax rate limited to 5% on gross revenue of each retail marijuana store. Revenues from the tax go to a municipal and township government fund, a strong county fund, and the marijuana control commission fund.

- Create a marijuana incubator in Cuyahoga County to promote growth and development of the marijuana industry and locate marijuana testing facilities near colleges and universities in Athens, Cuyahoga, Lorain, Mahoning, Scioto and Wood Counties, at a minimum.

- Limit the ability of the legislature and local governments from regulating the manufacture, sales, distribution and use of marijuana and marijuana products. Create a new state government agency called the marijuana control commission (with limited

authority) to regulate the industry, comprised of seven Ohio residents appointed by the Governor, including a physician, a law enforcement officer, an administrative law attorney, a patient advocate, a resident experienced in owning, developing, managing and operating businesses, a resident with experience in the legal marijuana industry, and a member of the public.

SHALL THE AMENDMENT BE APPROVED?

YES

NO

PROPOSED TAX LEVY (REPLACEMENT) GREENSBURG TOWNSHIP

A majority affirmative is necessary for passage

A replacement of a tax for the benefit of Greensburg Township for the purpose of general construction, reconstruction, resurfacing, and repair of township roads at a rate not exceeding 0.7 mill for each one dollar of valuation, which amounts to \$0.07 for each one hundred dollars in valuation, for 5 years, commencing in 2016, first due in calendar year 2017.

Issue Three

Grants a monopoly for the commercial production and sale of marijuana for recreational and medicinal purposes

Proposed Constitutional Amendment

Proposed by Initiative Petition

To add Section 12 of Article XV of the Constitution of the State of Ohio.

A majority yes vote is necessary for the amendment to pass.

The proposed amendment would:

- Endow exclusive rights for commercial marijuana growth, cultivation, and extraction to self-designated landowners who own ten predetermined parcels of land in Butler, Clermont, Franklin, Hamilton, Licking, Lorain, Lucas, Delaware, Stark, and Summit Counties. One additional growth facility may be allowed for in four years only if existing facilities cannot meet consumer demand.

- Permit retail sale of recreational marijuana at approximately 1,100 locations statewide. Such retail establishments must have a state license that may be obtained only if the electors of the precinct where the store will be located approve the use of the location for such purpose at a local option election.

- Legalize the production of marijuana-infused products, including edible products, concentrates, sprays, ointments and tinctures by marijuana product manufacturing facilities.

- Allow each person, 21 years of age or older, to grow, cultivate, use, possess, and share up to eight ounces of usable homegrown marijuana plus four flowering marijuana plants if the person holds a valid state license. Allow each person, 21 years of age or older, to purchase, possess, transport, use, and share up to 1 ounce of marijuana for recreational use. Authorize the use of medical marijuana by any person, regardless of age, who has a certification for a debilitating medical condition.

- Prohibit marijuana establishments within 1,000 feet of a house of worship, public library, public or chartered elementary or secondary school, state-licensed day-care center, or public playground, however: after a certain date, a new day-care, library, etc., cannot force a preexisting marijuana establishment to relocate by opening a new location within 1,000 feet of the business.

- Prohibit any local or state law, including zoning laws, from being applied to prohibit the development or operation of marijuana growth, cultivation, and extraction facilities, retail marijuana stores, and medical marijuana dispensaries unless the area is zoned exclusively residential as of January 1, 2015 or as of the date that an application for a license is first filed for a marijuana establishment.

- Create a special tax rate limited to 15% on gross revenue of each marijuana growth, cultivation, and extraction facility and marijuana product manufacturing facility and a special tax rate limited to 5% on gross revenue of each retail marijuana store. Revenues from the tax go to a municipal and township government fund, a strong county fund, and the marijuana control commission fund.

- Create a marijuana incubator in Cuyahoga County to promote growth and development of the marijuana industry and locate marijuana testing facilities near colleges and universities in Athens, Cuyahoga, Lorain, Mahoning, Scioto and Wood Counties, at a minimum.

- Limit the ability of the legislature and local governments from regulating the manufacture, sales, distribution and use of marijuana and marijuana products. Create a new state government agency called the marijuana control commission (with limited

authority) to regulate the industry, comprised of seven Ohio residents appointed by the Governor, including a physician, a law enforcement officer, an administrative law attorney, a patient advocate, a resident experienced in owning, developing, managing and operating businesses, a resident with experience in the legal marijuana industry, and a member of the public.

SHALL THE AMENDMENT BE APPROVED?

YES

NO

PROPOSED TAX LEVY (ADDITIONAL) JACKSON TOWNSHIP

A majority affirmative vote is necessary for passage

An additional tax for the benefit of Jackson Township for the purpose of current expenses at a rate not exceeding 1 mill for each one dollar of valuation, which amounts to \$.10 for each one hundred dollars of valuation, for 5 years, commencing in 2015, first due in calendar year 2016.

Proposed Constitutional Amendment

Proposed by Initiative Petition

To add Section 12 of Article XV of the Constitution of the State of Ohio.

A majority yes vote is necessary for the amendment to pass.

The proposed amendment would:

- Endow exclusive rights for commercial marijuana growth, cultivation, and extraction to self-designated landowners who own ten predetermined parcels of land in Butler, Clermont, Franklin, Hamilton, Licking, Lorain, Lucas, Delaware, Stark, and Summit Counties. One additional growth facility may be allowed for in four years only if existing facilities cannot meet consumer demand.

- Permit retail sale of recreational marijuana at approximately 1,100 locations statewide. Such retail establishments must have a state license that may be obtained only if the electors of the precinct where the store will be located approve the use of the location for such purpose at a local option election.

- Legalize the production of marijuana-infused products, including edible products, concentrates, sprays, ointments and tinctures by marijuana product manufacturing facilities.

- Allow each person, 21 years of age or older, to grow, cultivate, use, possess, and share up to eight ounces of usable homegrown marijuana plus four flowering marijuana plants if the person holds a valid state license. Allow each person, 21 years of age or older, to purchase, possess, transport, use, and share up to 1 ounce of marijuana for recreational use. Authorize the use of medical marijuana by any person, regardless of age, who has a certification for a debilitating medical condition.

- Prohibit marijuana establishments within 1,000 feet of a house of worship, public library, public or chartered elementary or secondary school, state-licensed day-care center, or public playground, however: after a certain date, a new day-care, library, etc., cannot force a preexisting marijuana establishment to relocate by opening a new location within 1,000 feet of the business.

- Prohibit any local or state law, including zoning laws, from being applied to prohibit the development or operation of marijuana growth, cultivation, and extraction facilities, retail marijuana stores, and medical marijuana dispensaries unless the area is zoned exclusively residential as of January 1, 2015 or as of the date that an application for a license is first filed for a marijuana establishment.

- Create a special tax rate limited to 15% on gross revenue of each marijuana growth, cultivation, and extraction facility and marijuana product manufacturing facility and a special tax rate limited to 5% on gross revenue of each retail marijuana store. Revenues from the tax go to a municipal and township government fund, a strong county fund, and the marijuana control commission fund.

- Create a marijuana incubator in Cuyahoga County to promote growth and development of the marijuana industry and locate marijuana testing facilities near colleges and universities in Athens, Cuyahoga, Lorain, Mahoning, Scioto and Wood Counties, at a minimum.

- Limit the ability of the legislature and local governments from regulating the manufacture, sales, distribution and use of marijuana and marijuana products. Create a new state government agency called the marijuana control commission (with limited

authority) to regulate the industry, comprised of seven Ohio residents appointed by the Governor, including a physician, a law enforcement officer, an administrative law attorney, a patient advocate, a resident experienced in owning, developing, managing and operating businesses, a resident with experience in the legal marijuana industry, and a member of the public.

SHALL THE AMENDMENT BE APPROVED?

Grants a monopoly for the commercial production and sale of marijuana for recreational and medicinal purposes

Proposed Constitutional Amendment

Proposed by Initiative Petition

To add Section 12 of Article XV of the Constitution of the State of Ohio.

A majority yes vote is necessary for the amendment to pass.

The proposed amendment would:

- Endow exclusive rights for commercial marijuana growth, cultivation, and extraction to self-designated landowners who own ten predetermined parcels of land in Butler, Clermont, Franklin, Hamilton, Licking, Lorain, Lucas, Delaware, Stark, and Summit Counties. One additional growth facility may be allowed for in four years only if existing facilities cannot meet consumer demand.
- Permit retail sale of recreational marijuana at approximately 1,100 locations statewide. Such retail establishments must have a state license that may be obtained only if the electors of the precinct where the store will be located approve the use of the location for such purpose at a local option election.
- Legalize the production of marijuana-infused products, including edible products, concentrates, sprays, ointments and tinctures by marijuana product manufacturing facilities.
- Allow each person, 21 years of age or older, to grow, cultivate, use, possess, and share up to eight ounces of usable homegrown marijuana plus four flowering marijuana plants if the person holds a valid state license. Allow each person, 21 years of age or older, to purchase, possess, transport, use, and share up to 1 ounce of marijuana for recreational use. Authorize the use of medical marijuana by any person, regardless of age, who has a certification for a debilitating medical condition.
- Prohibit marijuana establishments within 1,000 feet of a house of worship, public library, public or chartered elementary or secondary school, state-licensed day-care center, or public playground, however: after a certain date, a new day-care, library, etc., cannot force a preexisting marijuana establishment to relocate by opening a new location within 1,000 feet of the business.
- Prohibit any local or state law, including zoning laws, from being applied to prohibit the development or operation of marijuana growth, cultivation, and extraction facilities, retail marijuana stores, and medical marijuana dispensaries unless the area is zoned exclusively residential as of January 1, 2015 or as of the date that an application for a license is first filed for a marijuana establishment.
- Create a special tax rate limited to 15% on gross revenue of each marijuana growth, cultivation, and extraction facility and marijuana product manufacturing facility and a special tax rate limited to 5% on gross revenue of each retail marijuana store. Revenues from the tax go to a municipal and township government fund, a strong county fund, and the marijuana control commission fund.
- Create a marijuana incubator in Cuyahoga County to promote growth and development of the marijuana industry and locate marijuana testing facilities near colleges and universities in Athens, Cuyahoga, Lorain, Mahoning, Scioto and Wood Counties, at a minimum.
- Limit the ability of the legislature and local governments from regulating the manufacture, sales, distribution and use of marijuana and marijuana products. Create a new state government agency called the marijuana control commission (with limited

authority) to regulate the industry, comprised of seven Ohio residents appointed by the Governor, including a physician, a law enforcement officer, an administrative law attorney, a patient advocate, a resident experienced in owning, developing, managing and operating businesses, a resident with experience in the legal marijuana industry, and a member of the public.

Issue Three

Grants a monopoly for the commercial production and sale of marijuana for recreational and medicinal purposes

Proposed Constitutional Amendment

Proposed by Initiative Petition

To add Section 12 of Article XV of the Constitution of the State of Ohio.

A majority yes vote is necessary for the amendment to pass.

The proposed amendment would:

- Endow exclusive rights for commercial marijuana growth, cultivation, and extraction to self-designated landowners who own ten predetermined parcels of land in Butler, Clermont, Franklin, Hamilton, Licking, Lorain, Lucas, Delaware, Stark, and Summit Counties. One additional growth facility may be allowed for in four years only if existing facilities cannot meet consumer demand.
- Permit retail sale of recreational marijuana at approximately 1,100 locations statewide. Such retail establishments must have a state license that may be obtained only if the electors of the precinct where the store will be located approve the use of the location for such purpose at a local option election.
- Legalize the production of marijuana-infused products, including edible products, concentrates, sprays, ointments and tinctures by marijuana product manufacturing facilities.
- Allow each person, 21 years of age or older, to grow, cultivate, use, possess, and share up to eight ounces of usable homegrown marijuana plus four flowering marijuana plants if the person holds a valid state license. Allow each person, 21 years of age or older, to purchase, possess, transport, use, and share up to 1 ounce of marijuana for recreational use. Authorize the use of medical marijuana by any person, regardless of age, who has a certification for a debilitating medical condition.
- Prohibit marijuana establishments within 1,000 feet of a house of worship, public library, public or chartered elementary or secondary school, state-licensed day-care center, or public playground, however: after a certain date, a new day-care, library, etc., cannot force a preexisting marijuana establishment to relocate by opening a new location within 1,000 feet of the business.
- Prohibit any local or state law, including zoning laws, from being applied to prohibit the development or operation of marijuana growth, cultivation, and extraction facilities, retail marijuana stores, and medical marijuana dispensaries unless the area is zoned exclusively residential as of January 1, 2015 or as of the date that an application for a license is first filed for a marijuana establishment.
- Create a special tax rate limited to 15% on gross revenue of each marijuana growth, cultivation, and extraction facility and marijuana product manufacturing facility and a special tax rate limited to 5% on gross revenue of each retail marijuana store. Revenues from the tax go to a municipal and township government fund, a strong county fund, and the marijuana control commission fund.
- Create a marijuana incubator in Cuyahoga County to promote growth and development of the marijuana industry and locate marijuana testing facilities near colleges and universities in Athens, Cuyahoga, Lorain, Mahoning, Scioto and Wood Counties, at a minimum.
- Limit the ability of the legislature and local governments from regulating the manufacture, sales, distribution and use of marijuana and marijuana products. Create a new state government agency called the marijuana control commission (with limited

authority) to regulate the industry, comprised of seven Ohio residents appointed by the Governor, including a physician, a law enforcement officer, an administrative law attorney, a patient advocate, a resident experienced in owning, developing, managing and operating businesses, a resident with experience in the legal marijuana industry, and a member of the public.

SHALL THE AMENDMENT BE APPROVED?

- Legalize the production of marijuana-infused products, including edible products, concentrates, sprays, ointments and tinctures by marijuana product manufacturing facilities.
- Allow each person, 21 years of age or older, to grow, cultivate, use, possess, and share up to eight ounces of usable homegrown marijuana plus four flowering marijuana plants if the person holds a valid state license. Allow each person, 21 years of age or older, to purchase, possess, transport, use, and share up to 1 ounce of marijuana for recreational use. Authorize the use of medical marijuana by any person, regardless of age, who has a certification for a debilitating medical condition.
- Prohibit marijuana establishments within 1,000 feet of a house of worship, public library, public or chartered elementary or secondary school, state-licensed day-care center, or public playground, however: after a certain date, a new day-care, library, etc., cannot force a preexisting marijuana establishment to relocate by opening a new location within 1,000 feet of the business.
- Prohibit any local or state law, including zoning laws, from being applied to prohibit the development or operation of marijuana growth, cultivation, and extraction facilities, retail marijuana stores, and medical marijuana dispensaries unless the area is zoned exclusively residential as of January 1, 2015 or as of the date that an application for a license is first filed for a marijuana establishment.
- Create a special tax rate limited to 15% on gross revenue of each marijuana growth, cultivation, and extraction facility and marijuana product manufacturing facility and a special tax rate limited to 5% on gross revenue of each retail marijuana store. Revenues from the tax go to a municipal and township government fund, a strong county fund, and the marijuana control commission fund.
- Create a marijuana incubator in Cuyahoga County to promote growth and development of the marijuana industry and locate marijuana testing facilities near colleges and universities in Athens, Cuyahoga, Lorain, Mahoning, Scioto and Wood Counties, at a minimum.
- Limit the ability of the legislature and local governments from regulating the manufacture, sales, distribution and use of marijuana and marijuana products. Create a new state government agency called the marijuana control commission (with limited

authority) to regulate the industry, comprised of seven Ohio residents appointed by the Governor, including a physician, a law enforcement officer, an administrative law attorney, a patient advocate, a resident experienced in owning, developing, managing and operating businesses, a resident with experience in the legal marijuana industry, and a member of the public.

Issue Three

Grants a monopoly for the commercial production and sale of marijuana for recreational and medicinal purposes

Proposed Constitutional Amendment

Proposed by Initiative Petition

To add Section 12 of Article XV of the Constitution of the State of Ohio.

A majority yes vote is necessary for the amendment to pass.

The proposed amendment would:

- Endow exclusive rights for commercial marijuana growth, cultivation, and extraction to self-designated landowners who own ten predetermined parcels of land in Butler, Clermont, Franklin, Hamilton, Licking, Lorain, Lucas, Delaware, Stark, and Summit Counties. One additional growth facility may be allowed for in four years only if existing facilities cannot meet consumer demand.
- Permit retail sale of recreational marijuana at approximately 1,100 locations statewide. Such retail establishments must have a state license that may be obtained only if the electors of the precinct where the store will be located approve the use of the location for such purpose at a local option election.
- Legalize the production of marijuana-infused products, including edible products, concentrates, sprays, ointments and tinctures by marijuana product manufacturing facilities.
- Allow each person, 21 years of age or older, to grow, cultivate, use, possess, and share up to eight ounces of usable homegrown marijuana plus four flowering marijuana plants if the person holds a valid state license. Allow each person, 21 years of age or older, to purchase, possess, transport, use, and share up to 1 ounce of marijuana for recreational use. Authorize the use of medical marijuana by any person, regardless of age, who has a certification for a debilitating medical condition.
- Prohibit marijuana establishments within 1,000 feet of a house of worship, public library, public or chartered elementary or secondary school, state-licensed day-care center, or public playground, however: after a certain date, a new day-care, library, etc., cannot force a preexisting marijuana establishment to relocate by opening a new location within 1,000 feet of the business.
- Prohibit any local or state law, including zoning laws, from being applied to prohibit the development or operation of marijuana growth, cultivation, and extraction facilities, retail marijuana stores, and medical marijuana dispensaries unless the area is zoned exclusively residential as of January 1, 2015 or as of the date that an application for a license is first filed for a marijuana establishment.
- Create a special tax rate limited to 15% on gross revenue of each marijuana growth, cultivation, and extraction facility and marijuana product manufacturing facility and a special tax rate limited to 5% on gross revenue of each retail marijuana store. Revenues from the tax go to a municipal and township government fund, a strong county fund, and the marijuana control commission fund.
- Create a marijuana incubator in Cuyahoga County to promote growth and development of the marijuana industry and locate marijuana testing facilities near colleges and universities in Athens, Cuyahoga, Lorain, Mahoning, Scioto and Wood Counties, at a minimum.
- Limit the ability of the legislature and local governments from regulating the manufacture, sales, distribution and use of marijuana and marijuana products. Create a new state government agency called the marijuana control commission (with limited

authority) to regulate the industry, comprised of seven Ohio residents appointed by the Governor, including a physician, a law enforcement officer, an administrative law attorney, a patient advocate, a resident experienced in owning, developing, managing and operating businesses, a resident with experience in the legal marijuana industry, and a member of the public.

Grants a monopoly for the commercial production and sale of marijuana for recreational and medicinal purposes

Proposed Constitutional Amendment

Proposed by Initiative Petition

To add Section 12 of Article XV of the Constitution of the State of Ohio.

A majority yes vote is necessary for the amendment to pass.

The proposed amendment would:

- Endow exclusive rights for commercial marijuana growth, cultivation, and extraction to self-designated landowners who own ten predetermined parcels of land in Butler, Clermont, Franklin, Hamilton, Licking, Lorain, Lucas, Delaware, Stark, and Summit Counties. One additional growth facility may be allowed for in four years only if existing facilities cannot meet consumer demand.
- Permit retail sale of recreational marijuana at approximately 1,100 locations statewide. Such retail establishments must have a state license that may be obtained only if the electors of the precinct where the store will be located approve the use of the location for such purpose at a local option election.
- Legalize the production of marijuana-infused products, including edible products, concentrates, sprays, ointments and tinctures by marijuana product manufacturing facilities.
- Allow each person, 21 years of age or older, to grow, cultivate, use, possess, and share up to eight ounces of usable homegrown marijuana plus four flowering marijuana plants if the person holds a valid state license. Allow each person, 21 years of age or older, to purchase, possess, transport, use, and share up to 1 ounce of marijuana for recreational use. Authorize the use of medical marijuana by any person, regardless of age, who has a certification for a debilitating medical condition.
- Prohibit marijuana establishments within 1,000 feet of a house of worship, public library, public or chartered elementary or secondary school, state-licensed day-care center, or public playground, however: after a certain date, a new day-care, library, etc., cannot force a preexisting marijuana establishment to relocate by opening a new location within 1,000 feet of the business.
- Prohibit any local or state law, including zoning laws, from being applied to prohibit the development or operation of marijuana growth, cultivation, and extraction facilities, retail marijuana stores, and medical marijuana dispensaries unless the area is zoned exclusively residential as of January 1, 2015 or as of the date that an application for a license is first filed for a marijuana establishment.
- Create a special tax rate limited to 15% on gross revenue of each marijuana growth, cultivation, and extraction facility and marijuana product manufacturing facility and a special tax rate limited to 5% on gross revenue of each retail marijuana store. Revenues from the tax go to a municipal and township government fund, a strong county fund, and the marijuana control commission fund.
- Create a marijuana incubator in Cuyahoga County to promote growth and development of the marijuana industry and locate marijuana testing facilities near colleges and universities in Athens, Cuyahoga, Lorain, Mahoning, Scioto and Wood Counties, at a minimum.
- Limit the ability of the legislature and local governments from regulating the manufacture, sales, distribution and use of marijuana and marijuana products. Create a new state government agency called the marijuana control commission (with limited

authority) to regulate the industry, comprised of seven Ohio residents appointed by the Governor, including a physician, a law enforcement officer, an administrative law attorney, a patient advocate, a resident experienced in owning, developing, managing and operating businesses, a resident with experience in the legal marijuana industry, and a member of the public.

Grants a monopoly for the commercial production and sale of marijuana for recreational and medicinal purposes

Proposed Constitutional Amendment

Proposed by Initiative Petition

To add Section 12 of Article XV of the Constitution of the State of Ohio.

A majority yes vote is necessary for the amendment to pass.

The proposed amendment would:

- Endow exclusive rights for commercial marijuana growth, cultivation, and extraction to self-designated landowners who own ten predetermined parcels of land in Butler, Clermont, Franklin, Hamilton, Licking, Lorain, Lucas, Delaware, Stark, and Summit Counties. One additional growth facility may be allowed for in four years only if existing facilities cannot meet consumer demand.
- Permit retail sale of recreational marijuana at approximately 1,100 locations statewide. Such retail establishments must have a state license that may be obtained only if the electors of the precinct where the store will be located approve the use of the location for such purpose at a local option election.
- Legalize the production of marijuana-infused products, including edible products, concentrates, sprays, ointments and tinctures by marijuana product manufacturing facilities.
- Allow each person, 21 years of age or older, to grow, cultivate, use, possess, and share up to eight ounces of usable homegrown marijuana plus four flowering marijuana plants if the person holds a valid state license. Allow each person, 21 years of age or older, to purchase, possess, transport, use, and share up to 1 ounce of marijuana for recreational use. Authorize the use of medical marijuana by any person, regardless of age, who has a certification for a debilitating medical condition.
- Prohibit marijuana establishments within 1,000 feet of a house of worship, public library, public or chartered elementary or secondary school, state-licensed day-care center, or public playground, however: after a certain date, a new day-care, library, etc., cannot force a preexisting marijuana establishment to relocate by opening a new location within 1,000 feet of the business.
- Prohibit any local or state law, including zoning laws, from being applied to prohibit the development or operation of marijuana growth, cultivation, and extraction facilities, retail marijuana stores, and medical marijuana dispensaries unless the area is zoned exclusively residential as of January 1, 2015 or as of the date that an application for a license is first filed for a marijuana establishment.
- Create a special tax rate limited to 15% on gross revenue of each marijuana growth, cultivation, and extraction facility and marijuana product manufacturing facility and a special tax rate limited to 5% on gross revenue of each retail marijuana store. Revenues from the tax go to a municipal and township government fund, a strong county fund, and the marijuana control commission fund.
- Create a marijuana incubator in Cuyahoga County to promote growth and development of the marijuana industry and locate marijuana testing facilities near colleges and universities in Athens, Cuyahoga, Lorain, Mahoning, Scioto and Wood Counties, at a minimum.
- Limit the ability of the legislature and local governments from regulating the manufacture, sales, distribution and use of marijuana and marijuana products. Create a new state government agency called the marijuana control commission (with limited

authority) to regulate the industry, comprised of seven Ohio residents appointed by the Governor, including a physician, a law enforcement officer, an administrative law attorney, a patient advocate, a resident experienced in owning, developing, managing and operating businesses, a resident with experience in the legal marijuana industry, and a member of the public.

Issue Three

Grants a monopoly for the commercial production and sale of marijuana for recreational and medicinal purposes

Proposed Constitutional Amendment

Proposed by Initiative Petition

To add Section 12 of Article XV of the Constitution of the State of Ohio.

A majority yes vote is necessary for the amendment to pass.

The proposed amendment would:

- Endow exclusive rights for commercial marijuana growth, cultivation, and extraction to self-designated landowners who own ten predetermined parcels of land in Butler, Clermont, Franklin, Hamilton, Licking, Lorain, Lucas, Delaware, Stark, and Summit Counties. One additional growth facility may be allowed for in four years only if existing facilities cannot meet consumer demand.
- Permit retail sale of recreational marijuana at approximately 1,100 locations statewide. Such retail establishments must have a state license that may be obtained only if the electors of the precinct where the store will be located approve the use of the location for such purpose at a local option election.
- Legalize the production of marijuana-infused products, including edible products, concentrates, sprays, ointments and tinctures by marijuana product manufacturing facilities.
- Allow each person, 21 years of age or older, to grow, cultivate, use, possess, and share up to eight ounces of usable homegrown marijuana plus four flowering marijuana plants if the person holds a valid state license. Allow each person, 21 years of age or older, to purchase, possess, transport, use, and share up to 1 ounce of marijuana for recreational use. Authorize the use of medical marijuana by any person, regardless of age, who has a certification for a debilitating medical condition.
- Prohibit marijuana establishments within 1,000 feet of a house of worship, public library, public or chartered elementary or secondary school, state-licensed day-care center, or public playground, however: after a certain date, a new day-care, library, etc., cannot force a preexisting marijuana establishment to relocate by opening a new location within 1,000 feet of the business.
- Prohibit any local or state law, including zoning laws, from being applied to prohibit the development or operation of marijuana growth, cultivation, and extraction facilities, retail marijuana stores, and medical marijuana dispensaries unless the area is zoned exclusively residential as of January 1, 2015 or as of the date that an application for a license is first filed for a marijuana establishment.
- Create a special tax rate limited to 15% on gross revenue of each marijuana growth, cultivation, and extraction facility and marijuana product manufacturing facility and a special tax rate limited to 5% on gross revenue of each retail marijuana store. Revenues from the tax go to a municipal and township government fund, a strong county fund, and the marijuana control commission fund.
- Create a marijuana incubator in Cuyahoga County to promote growth and development of the marijuana industry and locate marijuana testing facilities near colleges and universities in Athens, Cuyahoga, Lorain, Mahoning, Scioto and Wood Counties, at a minimum.
- Limit the ability of the legislature and local governments from regulating the manufacture, sales, distribution and use of marijuana and marijuana products. Create a new state government agency called the marijuana control commission (with limited

authority) to regulate the industry, comprised of seven Ohio residents appointed by the Governor, including a physician, a law enforcement officer, an administrative law attorney, a patient advocate, a resident experienced in owning, developing, managing and operating businesses, a resident with experience in the legal marijuana industry, and a member of the public.

SHALL THE AMENDMENT BE APPROVED?

- YES
- NO

PROPOSED TAX LEVY (REPLACEMENT) VAN BUREN TOWNSHIP

A majority affirmative vote is necessary for passage

A replacement of a tax for the benefit of Van Buren Township for the purpose of current expenses at a rate not exceeding 1.25 mills for each one dollar of valuation, which amounts to \$0.125 for each one hundred dollars in valuation, for 5 years, commencing in 2016, first due in calendar year 2017.

Issue Three

Grants a monopoly for the commercial production and sale of marijuana for recreational and medicinal purposes

Proposed Constitutional Amendment

Proposed by Initiative Petition

To add Section 12 of Article XV of the Constitution of the State of Ohio.

A majority yes vote is necessary for the amendment to pass.

The proposed amendment would:

- Endow exclusive rights for commercial marijuana growth, cultivation, and extraction to self-designated landowners who own ten predetermined parcels of land in Butler, Clermont, Franklin, Hamilton, Licking, Lorain, Lucas, Delaware, Stark, and Summit Counties. One additional growth facility may be allowed for in four years only if existing facilities cannot meet consumer demand.
- Permit retail sale of recreational marijuana at approximately 1,100 locations statewide. Such retail establishments must have a state license that may be obtained only if the electors of the precinct where the store will be located approve the use of the location for such purpose at a local option election.
- Legalize the production of marijuana-infused products, including edible products, concentrates, sprays, ointments and tinctures by marijuana product manufacturing facilities.
- Allow each person, 21 years of age or older, to grow, cultivate, use, possess, and share up to eight ounces of usable homegrown marijuana plus four flowering marijuana plants if the person holds a valid state license. Allow each person, 21 years of age or older, to purchase, possess, transport, use, and share up to 1 ounce of marijuana for recreational use. Authorize the use of medical marijuana by any person, regardless of age, who has a certification for a debilitating medical condition.
- Prohibit marijuana establishments within 1,000 feet of a house of worship, public library, public or chartered elementary or secondary school, state-licensed day-care center, or public playground, however: after a certain date, a new day-care, library, etc., cannot force a preexisting marijuana establishment to relocate by opening a new location within 1,000 feet of the business.
- Prohibit any local or state law, including zoning laws, from being applied to prohibit the development or operation of marijuana growth, cultivation, and extraction facilities, retail marijuana stores, and medical marijuana dispensaries unless the area is zoned exclusively residential as of January 1, 2015 or as of the date that an application for a license is first filed for a marijuana establishment.
- Create a special tax rate limited to 15% on gross revenue of each marijuana growth, cultivation, and extraction facility and marijuana product manufacturing facility and a special tax rate limited to 5% on gross revenue of each retail marijuana store. Revenues from the tax go to a municipal and township government fund, a strong county fund, and the marijuana control commission fund.
- Create a marijuana incubator in Cuyahoga County to promote growth and development of the marijuana industry and locate marijuana testing facilities near colleges and universities in Athens, Cuyahoga, Lorain, Mahoning, Scioto and Wood Counties, at a minimum.
- Limit the ability of the legislature and local governments from regulating the manufacture, sales, distribution and use of marijuana and marijuana products. Create a new state government agency called the marijuana control commission (with limited

authority) to regulate the industry, comprised of seven Ohio residents appointed by the Governor, including a physician, a law enforcement officer, an administrative law attorney, a patient advocate, a resident experienced in owning, developing, managing and operating businesses, a resident with experience in the legal marijuana industry, and a member of the public.

Issue Three

Grants a monopoly for the commercial production and sale of marijuana for recreational and medicinal purposes

Proposed Constitutional Amendment

Proposed by Initiative Petition

To add Section 12 of Article XV of the Constitution of the State of Ohio.

A majority yes vote is necessary for the amendment to pass.

The proposed amendment would:

- Endow exclusive rights for commercial marijuana growth, cultivation, and extraction to self-designated landowners who own ten predetermined parcels of land in Butler, Clermont, Franklin, Hamilton, Licking, Lorain, Lucas, Delaware, Stark, and Summit Counties. One additional growth facility may be allowed for in four years only if existing facilities cannot meet consumer demand.
- Permit retail sale of recreational marijuana at approximately 1,100 locations statewide. Such retail establishments must have a state license that may be obtained only if the electors of the precinct where the store will be located approve the use of the location for such purpose at a local option election.
- Legalize the production of marijuana-infused products, including edible products, concentrates, sprays, ointments and tinctures by marijuana product manufacturing facilities.
- Allow each person, 21 years of age or older, to grow, cultivate, use, possess, and share up to eight ounces of usable homegrown marijuana plus four flowering marijuana plants if the person holds a valid state license. Allow each person, 21 years of age or older, to purchase, possess, transport, use, and share up to 1 ounce of marijuana for recreational use. Authorize the use of medical marijuana by any person, regardless of age, who has a certification for a debilitating medical condition.
- Prohibit marijuana establishments within 1,000 feet of a house of worship, public library, public or chartered elementary or secondary school, state-licensed day-care center, or public playground, however: after a certain date, a new day-care, library, etc., cannot force a preexisting marijuana establishment to relocate by opening a new location within 1,000 feet of the business.
- Prohibit any local or state law, including zoning laws, from being applied to prohibit the development or operation of marijuana growth, cultivation, and extraction facilities, retail marijuana stores, and medical marijuana dispensaries unless the area is zoned exclusively residential as of January 1, 2015 or as of the date that an application for a license is first filed for a marijuana establishment.
- Create a special tax rate limited to 15% on gross revenue of each marijuana growth, cultivation, and extraction facility and marijuana product manufacturing facility and a special tax rate limited to 5% on gross revenue of each retail marijuana store. Revenues from the tax go to a municipal and township government fund, a strong county fund, and the marijuana control commission fund.
- Create a marijuana incubator in Cuyahoga County to promote growth and development of the marijuana industry and locate marijuana testing facilities near colleges and universities in Athens, Cuyahoga, Lorain, Mahoning, Scioto and Wood Counties, at a minimum.
- Limit the ability of the legislature and local governments from regulating the manufacture, sales, distribution and use of marijuana and marijuana products. Create a new state government agency called the marijuana control commission (with limited

authority) to regulate the industry, comprised of seven Ohio residents appointed by the Governor, including a physician, a law enforcement officer, an administrative law attorney, a patient advocate, a resident experienced in owning, developing, managing and operating businesses, a resident with experience in the legal marijuana industry, and a member of the public.

A 009 SUGAR CREEK TWP. 2	B SPLIT 2	C Typ:01 Seq:0009 Spl:02

Issue Three

Grants a monopoly for the commercial production and sale of marijuana for recreational and medicinal purposes

Proposed Constitutional Amendment

Proposed by Initiative Petition

To add Section 12 of Article XV of the Constitution of the State of Ohio.

A majority yes vote is necessary for the amendment to pass.

The proposed amendment would:

- Endow exclusive rights for commercial marijuana growth, cultivation, and extraction to self-designated landowners who own ten predetermined parcels of land in Butler, Clermont, Franklin, Hamilton, Licking, Lorain, Lucas, Delaware, Stark, and Summit Counties. One additional growth facility may be allowed for in four years only if existing facilities cannot meet consumer demand.
- Permit retail sale of recreational marijuana at approximately 1,100 locations statewide. Such retail establishments must have a state license that may be obtained only if the electors of the precinct where the store will be located approve the use of the location for such purpose at a local option election.
- Legalize the production of marijuana-infused products, including edible products, concentrates, sprays, ointments and tinctures by marijuana product manufacturing facilities.
- Allow each person, 21 years of age or older, to grow, cultivate, use, possess, and share up to eight ounces of usable homegrown marijuana plus four flowering marijuana plants if the person holds a valid state license. Allow each person, 21 years of age or older, to purchase, possess, transport, use, and share up to 1 ounce of marijuana for recreational use. Authorize the use of medical marijuana by any person, regardless of age, who has a certification for a debilitating medical condition.
- Prohibit marijuana establishments within 1,000 feet of a house of worship, public library, public or chartered elementary or secondary school, state-licensed day-care center, or public playground, however: after a certain date, a new day-care, library, etc., cannot force a preexisting marijuana establishment to relocate by opening a new location within 1,000 feet of the business.
- Prohibit any local or state law, including zoning laws, from being applied to prohibit the development or operation of marijuana growth, cultivation, and extraction facilities, retail marijuana stores, and medical marijuana dispensaries unless the area is zoned exclusively residential as of January 1, 2015 or as of the date that an application for a license is first filed for a marijuana establishment.
- Create a special tax rate limited to 15% on gross revenue of each marijuana growth, cultivation, and extraction facility and marijuana product manufacturing facility and a special tax rate limited to 5% on gross revenue of each retail marijuana store. Revenues from the tax go to a municipal and township government fund, a strong county fund, and the marijuana control commission fund.
- Create a marijuana incubator in Cuyahoga County to promote growth and development of the marijuana industry and locate marijuana testing facilities near colleges and universities in Athens, Cuyahoga, Lorain, Mahoning, Scioto and Wood Counties, at a minimum.
- Limit the ability of the legislature and local governments from regulating the manufacture, sales, distribution and use of marijuana and marijuana products. Create a new state government agency called the marijuana control commission (with limited

authority) to regulate the industry, comprised of seven Ohio residents appointed by the Governor, including a physician, a law enforcement officer, an administrative law attorney, a patient advocate, a resident experienced in owning, developing, managing and operating businesses, a resident with experience in the legal marijuana industry, and a member of the public.

Grants a monopoly for the commercial production and sale of marijuana for recreational and medicinal purposes

Proposed Constitutional Amendment

Proposed by Initiative Petition

To add Section 12 of Article XV of the Constitution of the State of Ohio.

A majority yes vote is necessary for the amendment to pass.

The proposed amendment would:

- Endow exclusive rights for commercial marijuana growth, cultivation, and extraction to self-designated landowners who own ten predetermined parcels of land in Butler, Clermont, Franklin, Hamilton, Licking, Lorain, Lucas, Delaware, Stark, and Summit Counties. One additional growth facility may be allowed for in four years only if existing facilities cannot meet consumer demand.
- Permit retail sale of recreational marijuana at approximately 1,100 locations statewide. Such retail establishments must have a state license that may be obtained only if the electors of the precinct where the store will be located approve the use of the location for such purpose at a local option election.
- Legalize the production of marijuana-infused products, including edible products, concentrates, sprays, ointments and tinctures by marijuana product manufacturing facilities.
- Allow each person, 21 years of age or older, to grow, cultivate, use, possess, and share up to eight ounces of usable homegrown marijuana plus four flowering marijuana plants if the person holds a valid state license. Allow each person, 21 years of age or older, to purchase, possess, transport, use, and share up to 1 ounce of marijuana for recreational use. Authorize the use of medical marijuana by any person, regardless of age, who has a certification for a debilitating medical condition.
- Prohibit marijuana establishments within 1,000 feet of a house of worship, public library, public or chartered elementary or secondary school, state-licensed day-care center, or public playground, however: after a certain date, a new day-care, library, etc., cannot force a preexisting marijuana establishment to relocate by opening a new location within 1,000 feet of the business.
- Prohibit any local or state law, including zoning laws, from being applied to prohibit the development or operation of marijuana growth, cultivation, and extraction facilities, retail marijuana stores, and medical marijuana dispensaries unless the area is zoned exclusively residential as of January 1, 2015 or as of the date that an application for a license is first filed for a marijuana establishment.
- Create a special tax rate limited to 15% on gross revenue of each marijuana growth, cultivation, and extraction facility and marijuana product manufacturing facility and a special tax rate limited to 5% on gross revenue of each retail marijuana store. Revenues from the tax go to a municipal and township government fund, a strong county fund, and the marijuana control commission fund.
- Create a marijuana incubator in Cuyahoga County to promote growth and development of the marijuana industry and locate marijuana testing facilities near colleges and universities in Athens, Cuyahoga, Lorain, Mahoning, Scioto and Wood Counties, at a minimum.
- Limit the ability of the legislature and local governments from regulating the manufacture, sales, distribution and use of marijuana and marijuana products. Create a new state government agency called the marijuana control commission (with limited

authority) to regulate the industry, comprised of seven Ohio residents appointed by the Governor, including a physician, a law enforcement officer, an administrative law attorney, a patient advocate, a resident experienced in owning, developing, managing and operating businesses, a resident with experience in the legal marijuana industry, and a member of the public.

Issue Three

Grants a monopoly for the commercial production and sale of marijuana for recreational and medicinal purposes

Proposed Constitutional Amendment

Proposed by Initiative Petition

To add Section 12 of Article XV of the Constitution of the State of Ohio.

A majority yes vote is necessary for the amendment to pass.

The proposed amendment would:

- Endow exclusive rights for commercial marijuana growth, cultivation, and extraction to self-designated landowners who own ten predetermined parcels of land in Butler, Clermont, Franklin, Hamilton, Licking, Lorain, Lucas, Delaware, Stark, and Summit Counties. One additional growth facility may be allowed for in four years only if existing facilities cannot meet consumer demand.
- Permit retail sale of recreational marijuana at approximately 1,100 locations statewide. Such retail establishments must have a state license that may be obtained only if the electors of the precinct where the store will be located approve the use of the location for such purpose at a local option election.
- Legalize the production of marijuana-infused products, including edible products, concentrates, sprays, ointments and tinctures by marijuana product manufacturing facilities.
- Allow each person, 21 years of age or older, to grow, cultivate, use, possess, and share up to eight ounces of usable homegrown marijuana plus four flowering marijuana plants if the person holds a valid state license. Allow each person, 21 years of age or older, to purchase, possess, transport, use, and share up to 1 ounce of marijuana for recreational use. Authorize the use of medical marijuana by any person, regardless of age, who has a certification for a debilitating medical condition.
- Prohibit marijuana establishments within 1,000 feet of a house of worship, public library, public or chartered elementary or secondary school, state-licensed day-care center, or public playground, however: after a certain date, a new day-care, library, etc., cannot force a preexisting marijuana establishment to relocate by opening a new location within 1,000 feet of the business.
- Prohibit any local or state law, including zoning laws, from being applied to prohibit the development or operation of marijuana growth, cultivation, and extraction facilities, retail marijuana stores, and medical marijuana dispensaries unless the area is zoned exclusively residential as of January 1, 2015 or as of the date that an application for a license is first filed for a marijuana establishment.
- Create a special tax rate limited to 15% on gross revenue of each marijuana growth, cultivation, and extraction facility and marijuana product manufacturing facility and a special tax rate limited to 5% on gross revenue of each retail marijuana store. Revenues from the tax go to a municipal and township government fund, a strong county fund, and the marijuana control commission fund.
- Create a marijuana incubator in Cuyahoga County to promote growth and development of the marijuana industry and locate marijuana testing facilities near colleges and universities in Athens, Cuyahoga, Lorain, Mahoning, Scioto and Wood Counties, at a minimum.
- Limit the ability of the legislature and local governments from regulating the manufacture, sales, distribution and use of marijuana and marijuana products. Create a new state government agency called the marijuana control commission (with limited

authority) to regulate the industry, comprised of seven Ohio residents appointed by the Governor, including a physician, a law enforcement officer, an administrative law attorney, a patient advocate, a resident experienced in owning, developing, managing and operating businesses, a resident with experience in the legal marijuana industry, and a member of the public.

SHALL THE AMENDMENT BE APPROVED?

Anti-monopoly amendment; protects the initiative process from being used for personal economic benefit

Proposed Constitutional Amendment

Proposed by Joint Resolution of the General Assembly

Proposing to amend Section 1e of Article II of the Constitution of the State of Ohio.

A majority yes vote is necessary for the amendment to pass.

The proposed amendment would:

- Prohibit any petitioner from using the Ohio Constitution to grant a monopoly, oligopoly, or cartel for their exclusive financial benefit or to establish a preferential tax status.
- Prohibit any petitioner from using the Ohio Constitution to grant a commercial interest, right, or license that is not available to similarly situated persons or nonpublic entities.
- Require the bipartisan Ohio Ballot Board to determine if a proposed constitutional amendment violates the prohibitions above, and if it does, present two separate ballot questions to voters. Both ballot questions must receive a majority yes vote before the proposed amendment could take effect.
- Prohibit from taking effect any proposed constitutional amendment appearing on the November 3, 2015 General Election ballot that creates a monopoly, oligopoly, or cartel for the sale, distribution, or other use of any federal Schedule I controlled substance.
- The Ohio Supreme Court has original, exclusive jurisdiction in any action related to the proposal.

If passed, the amendment will become effective immediately.

Grants a monopoly for the commercial production and sale of marijuana for recreational and medicinal purposes

Proposed Constitutional Amendment

Proposed by Initiative Petition

To add Section 12 of Article XV of the Constitution of the State of Ohio.

A majority yes vote is necessary for the amendment to pass.

The proposed amendment would:

- Endow exclusive rights for commercial marijuana growth, cultivation, and extraction to self-designated landowners who own ten predetermined parcels of land in Butler, Clermont, Franklin, Hamilton, Licking, Lorain, Lucas, Delaware, Stark, and Summit Counties. One additional growth facility may be allowed for in four years only if existing facilities cannot meet consumer demand.
- Permit retail sale of recreational marijuana at approximately 1,100 locations statewide. Such retail establishments must have a state license that may be obtained only if the electors of the precinct where the store will be located approve the use of the location for such purpose at a local option election.
- Legalize the production of marijuana-infused products, including edible products, concentrates, sprays, ointments and tinctures by marijuana product manufacturing facilities.
- Allow each person, 21 years of age or older, to grow, cultivate, use, possess, and share up to eight ounces of usable homegrown marijuana plus four flowering marijuana plants if the person holds a valid state license. Allow each person, 21 years of age or older, to purchase, possess, transport, use, and share up to 1 ounce of marijuana for recreational use. Authorize the use of medical marijuana by any person, regardless of age, who has a certification for a debilitating medical condition.
- Prohibit marijuana establishments within 1,000 feet of a house of worship, public library, public or chartered elementary or secondary school, state-licensed day-care center, or public playground, however: after a certain date, a new day-care, library, etc., cannot force a preexisting marijuana establishment to relocate by opening a new location within 1,000 feet of the business.
- Prohibit any local or state law, including zoning laws, from being applied to prohibit the development or operation of marijuana growth, cultivation, and extraction facilities, retail marijuana stores, and medical marijuana dispensaries unless the area is zoned exclusively residential as of January 1, 2015 or as of the date that an application for a license is first filed for a marijuana establishment.
- Create a special tax rate limited to 15% on gross revenue of each marijuana growth, cultivation, and extraction facility and marijuana product manufacturing facility and a special tax rate limited to 5% on gross revenue of each retail marijuana store. Revenues from the tax go to a municipal and township government fund, a strong county fund, and the marijuana control commission fund.
- Create a marijuana incubator in Cuyahoga County to promote growth and development of the marijuana industry and locate marijuana testing facilities near colleges and universities in Athens, Cuyahoga, Lorain, Mahoning, Scioto and Wood Counties, at a minimum.
- Limit the ability of the legislature and local governments from regulating the manufacture, sales, distribution and use of marijuana and marijuana products. Create a new state government agency called the marijuana control commission (with limited

authority) to regulate the industry, comprised of seven Ohio residents appointed by the Governor, including a physician, a law enforcement officer, an administrative law attorney, a patient advocate, a resident experienced in owning, developing, managing and operating businesses, a resident with experience in the legal marijuana industry, and a member of the public.

SHALL THE AMENDMENT BE APPROVED?

- YES
- NO

**PROPOSED TAX LEVY (RENEWAL)
OTTAWA-GLANDORF LOCAL SCHOOL DISTRICT**

A majority affirmative vote is necessary for passage

Shall a levy renewing an existing levy be imposed by the Ottawa-Glandorf Local School District, for the purpose of providing for the emergency requirements of the school district in the sum of \$451,863, and a levy of taxes to be made outside the ten-mill limitation estimated by the county auditor to average 2.1 mills for each one dollar of valuation, which amounts to \$0.21 for each one hundred dollars of valuation, for a period of 5 years, commencing in 2016, first due calendar year 2017?

Issue Three

Grants a monopoly for the commercial production and sale of marijuana for recreational and medicinal purposes

Proposed Constitutional Amendment

Proposed by Initiative Petition

To add Section 12 of Article XV of the Constitution of the State of Ohio.

A majority yes vote is necessary for the amendment to pass.

The proposed amendment would:

- Endow exclusive rights for commercial marijuana growth, cultivation, and extraction to self-designated landowners who own ten predetermined parcels of land in Butler, Clermont, Franklin, Hamilton, Licking, Lorain, Lucas, Delaware, Stark, and Summit Counties. One additional growth facility may be allowed for in four years only if existing facilities cannot meet consumer demand.
- Permit retail sale of recreational marijuana at approximately 1,100 locations statewide. Such retail establishments must have a state license that may be obtained only if the electors of the precinct where the store will be located approve the use of the location for such purpose at a local option election.
- Legalize the production of marijuana-infused products, including edible products, concentrates, sprays, ointments and tinctures by marijuana product manufacturing facilities.
- Allow each person, 21 years of age or older, to grow, cultivate, use, possess, and share up to eight ounces of usable homegrown marijuana plus four flowering marijuana plants if the person holds a valid state license. Allow each person, 21 years of age or older, to purchase, possess, transport, use, and share up to 1 ounce of marijuana for recreational use. Authorize the use of medical marijuana by any person, regardless of age, who has a certification for a debilitating medical condition.
- Prohibit marijuana establishments within 1,000 feet of a house of worship, public library, public or chartered elementary or secondary school, state-licensed day-care center, or public playground, however: after a certain date, a new day-care, library, etc., cannot force a preexisting marijuana establishment to relocate by opening a new location within 1,000 feet of the business.
- Prohibit any local or state law, including zoning laws, from being applied to prohibit the development or operation of marijuana growth, cultivation, and extraction facilities, retail marijuana stores, and medical marijuana dispensaries unless the area is zoned exclusively residential as of January 1, 2015 or as of the date that an application for a license is first filed for a marijuana establishment.
- Create a special tax rate limited to 15% on gross revenue of each marijuana growth, cultivation, and extraction facility and marijuana product manufacturing facility and a special tax rate limited to 5% on gross revenue of each retail marijuana store. Revenues from the tax go to a municipal and township government fund, a strong county fund, and the marijuana control commission fund.
- Create a marijuana incubator in Cuyahoga County to promote growth and development of the marijuana industry and locate marijuana testing facilities near colleges and universities in Athens, Cuyahoga, Lorain, Mahoning, Scioto and Wood Counties, at a minimum.
- Limit the ability of the legislature and local governments from regulating the manufacture, sales, distribution and use of marijuana and marijuana products. Create a new state government agency called the marijuana control commission (with limited

Issue Two

Anti-monopoly amendment; protects the initiative process from being used for personal economic benefit

Proposed Constitutional Amendment

Proposed by Joint Resolution of the General Assembly

Proposing to amend Section 1e of Article II of the Constitution of the State of Ohio.

A majority yes vote is necessary for the amendment to pass.

The proposed amendment would:

- Prohibit any petitioner from using the Ohio Constitution to grant a monopoly, oligopoly, or cartel for their exclusive financial benefit or to establish a preferential tax status.
- Prohibit any petitioner from using the Ohio Constitution to grant a commercial interest, right, or license that is not available to similarly situated persons or nonpublic entities.
- Require the bipartisan Ohio Ballot Board to determine if a proposed constitutional amendment violates the prohibitions above, and if it does, present two separate ballot questions to voters. Both ballot questions must receive a majority yes vote before the proposed amendment could take effect.
- Prohibit from taking effect any proposed constitutional amendment appearing on the November 3, 2015 General Election ballot that creates a monopoly, oligopoly, or cartel for the sale, distribution, or other use of any federal Schedule I controlled substance.
- The Ohio Supreme Court has original, exclusive jurisdiction in any action related to the proposal.

If passed, the amendment will become effective immediately.

Issue Three

Grants a monopoly for the commercial production and sale of marijuana for recreational and medicinal purposes

Proposed Constitutional Amendment

Proposed by Initiative Petition

To add Section 12 of Article XV of the Constitution of the State of Ohio.

A majority yes vote is necessary for the amendment to pass.

The proposed amendment would:

- Endow exclusive rights for commercial marijuana growth, cultivation, and extraction to self-designated landowners who own ten predetermined parcels of land in Butler, Clermont, Franklin, Hamilton, Licking, Lorain, Lucas, Delaware, Stark, and Summit Counties. One additional growth facility may be allowed for in four years only if existing facilities cannot meet consumer demand.
- Permit retail sale of recreational marijuana at approximately 1,100 locations statewide. Such retail establishments must have a state license that may be obtained only if the electors of the precinct where the store will be located approve the use of the location for such purpose at a local option election.
- Legalize the production of marijuana-infused products, including edible products, concentrates, sprays, ointments

and tinctures by marijuana product manufacturing facilities.

- Allow each person, 21 years of age or older, to grow, cultivate, use, possess, and share up to eight ounces of usable homegrown marijuana plus four flowering marijuana plants if the person holds a valid state license. Allow each person, 21 years of age or older, to purchase, possess, transport, use, and share up to 1 ounce of marijuana for recreational use. Authorize the use of medical marijuana by any person, regardless of age, who has a certification for a debilitating medical condition.
- Prohibit marijuana establishments within 1,000 feet of a house of worship, public library, public or chartered elementary or secondary school, state-licensed day-care center, or public playground, however: after a certain date, a new day-care, library, etc., cannot force a preexisting marijuana establishment to relocate by opening a new location within 1,000 feet of the business.
- Prohibit any local or state law, including zoning laws, from being applied to prohibit the development or operation of marijuana growth, cultivation, and extraction facilities, retail marijuana stores, and medical marijuana dispensaries unless the area is zoned exclusively residential as of January 1, 2015 or as of the date that an application for a license is first filed for a marijuana establishment.
- Create a special tax rate limited to 15% on gross revenue of each marijuana growth, cultivation, and extraction facility and marijuana product manufacturing facility and a special tax rate limited to 5% on gross revenue of each retail marijuana store. Revenues from the tax go to a municipal and township government fund, a strong county fund, and the marijuana control commission fund.
- Create a marijuana incubator in Cuyahoga County to promote growth and development of the marijuana industry and locate marijuana testing facilities near colleges and universities in Athens, Cuyahoga, Lorain, Mahoning, Scioto and Wood Counties, at a minimum.
- Limit the ability of the legislature and local governments from regulating the manufacture, sales, distribution and use of marijuana and marijuana products. Create a new state government agency called the marijuana control commission (with limited authority) to regulate the industry, comprised of seven Ohio residents appointed by the Governor, including a physician, a law enforcement officer, an administrative law attorney, a patient advocate, a resident experienced in owning, developing, managing and operating businesses, a resident with experience in the legal marijuana industry, and a member of the public.

Issue Two

Anti-monopoly amendment; protects the initiative process from being used for personal economic benefit

Proposed Constitutional Amendment

Proposed by Joint Resolution of the General Assembly

Proposing to amend Section 1e of Article II of the Constitution of the State of Ohio.

A majority yes vote is necessary for the amendment to pass.

The proposed amendment would:

- Prohibit any petitioner from using the Ohio Constitution to grant a monopoly, oligopoly, or cartel for their exclusive financial benefit or to establish a preferential tax status.
- Prohibit any petitioner from using the Ohio Constitution to grant a commercial interest, right, or license that is not available to similarly situated persons or nonpublic entities.
- Require the bipartisan Ohio Ballot Board to determine if a proposed constitutional amendment violates the prohibitions above, and if it does, present two separate ballot questions to voters. Both ballot questions must receive a majority yes vote before the proposed amendment could take effect.
- Prohibit from taking effect any proposed constitutional amendment appearing on the November 3, 2015 General Election ballot that creates a monopoly, oligopoly, or cartel for the sale, distribution, or other use of any federal Schedule I controlled substance.
- The Ohio Supreme Court has original, exclusive jurisdiction in any action related to the proposal.

If passed, the amendment will become effective immediately.

SHALL THE AMENDMENT BE APPROVED?

- YES
- NO

Issue Three

Grants a monopoly for the commercial production and sale of marijuana for recreational and medicinal purposes

Proposed Constitutional Amendment

Proposed by Initiative Petition

To add Section 12 of Article XV of the Constitution of the State of Ohio.

A majority yes vote is necessary for the amendment to pass.

The proposed amendment would:

- Endow exclusive rights for commercial marijuana growth, cultivation, and extraction to self-designated landowners who own ten predetermined parcels of land in Butler, Clermont, Franklin, Hamilton, Licking, Lorain, Lucas, Delaware, Stark, and Summit Counties. One additional growth facility may be allowed for in four years only if existing facilities cannot meet consumer demand.
- Permit retail sale of recreational marijuana at approximately 1,100 locations statewide. Such retail establishments must have a state license that may be obtained only if the electors of the precinct where the store will be located approve the use of the location for such purpose at a local option election.
- Legalize the production of marijuana-infused products, including edible products, concentrates, sprays, ointments

and tinctures by marijuana product manufacturing facilities.

- Allow each person, 21 years of age or older, to grow, cultivate, use, possess, and share up to eight ounces of usable homegrown marijuana plus four flowering marijuana plants if the person holds a valid state license. Allow each person, 21 years of age or older, to purchase, possess, transport, use, and share up to 1 ounce of marijuana for recreational use. Authorize the use of medical marijuana by any person, regardless of age, who has a certification for a debilitating medical condition.
- Prohibit marijuana establishments within 1,000 feet of a house of worship, public library, public or chartered elementary or secondary school, state-licensed day-care center, or public playground, however: after a certain date, a new day-care, library, etc., cannot force a preexisting marijuana establishment to relocate by opening a new location within 1,000 feet of the business.
- Prohibit any local or state law, including zoning laws, from being applied to prohibit the development or operation of marijuana growth, cultivation, and extraction facilities, retail marijuana stores, and medical marijuana dispensaries unless the area is zoned exclusively residential as of January 1, 2015 or as of the date that an application for a license is first filed for a marijuana establishment.
- Create a special tax rate limited to 15% on gross revenue of each marijuana growth, cultivation, and extraction facility and marijuana product manufacturing facility and a special tax rate limited to 5% on gross revenue of each retail marijuana store. Revenues from the tax go to a municipal and township government fund, a strong county fund, and the marijuana control commission fund.
- Create a marijuana incubator in Cuyahoga County to promote growth and development of the marijuana industry and locate marijuana testing facilities near colleges and universities in Athens, Cuyahoga, Lorain, Mahoning, Scioto and Wood Counties, at a minimum.
- Limit the ability of the legislature and local governments from regulating the manufacture, sales, distribution and use of marijuana and marijuana products. Create a new state government agency called the marijuana control commission (with limited authority) to regulate the industry, comprised of seven Ohio residents appointed by the Governor, including a physician, a law enforcement officer, an administrative law attorney, a patient advocate, a resident experienced in owning, developing, managing and operating businesses, a resident with experience in the legal marijuana industry, and a member of the public.

SHALL THE AMENDMENT BE APPROVED?

- YES
- NO

**PROPOSED TAX LEVY (RENEWAL)
OTTAWA-GLANDORF LOCAL SCHOOL DISTRICT**

A majority affirmative vote is necessary for passage

Shall a levy renewing an existing levy be imposed by the Ottawa-Glandorf Local School District, for the purpose of providing for the emergency requirements of the school district in the sum of \$451,863, and a levy of taxes to be made outside the ten-mill limitation estimated by the county auditor to average 2.1 mills for each one dollar of valuation, which amounts to \$0.21 for each one hundred dollars of valuation, for a period of 5 years, commencing in 2016, first due calendar year 2017?

Issue Three

Grants a monopoly for the commercial production and sale of marijuana for recreational and medicinal purposes

Proposed Constitutional Amendment

Proposed by Initiative Petition

To add Section 12 of Article XV of the Constitution of the State of Ohio.

A majority yes vote is necessary for the amendment to pass.

The proposed amendment would:

- Endow exclusive rights for commercial marijuana growth, cultivation, and extraction to self-designated landowners who own ten predetermined parcels of land in Butler, Clermont, Franklin, Hamilton, Licking, Lorain, Lucas, Delaware, Stark, and Summit Counties. One additional growth facility may be allowed for in four years only if existing facilities cannot meet consumer demand.
- Permit retail sale of recreational marijuana at approximately 1,100 locations statewide. Such retail establishments must have a state license that may be obtained only if the electors of the precinct where the store will be located approve the use of the location for such purpose at a local option election.
- Legalize the production of marijuana-infused products, including edible products, concentrates, sprays, ointments and tinctures by marijuana product manufacturing facilities.
- Allow each person, 21 years of age or older, to grow, cultivate, use, possess, and share up to eight ounces of usable homegrown marijuana plus four flowering marijuana plants if the person holds a valid state license. Allow each person, 21 years of age or older, to purchase, possess, transport, use, and share up to 1 ounce of marijuana for recreational use. Authorize the use of medical marijuana by any person, regardless of age, who has a certification for a debilitating medical condition.
- Prohibit marijuana establishments within 1,000 feet of a house of worship, public library, public or chartered elementary or secondary school, state-licensed day-care center, or public playground, however: after a certain date, a new day-care, library, etc., cannot force a preexisting marijuana establishment to relocate by opening a new location within 1,000 feet of the business.
- Prohibit any local or state law, including zoning laws, from being applied to prohibit the development or operation of marijuana growth, cultivation, and extraction facilities, retail marijuana stores, and medical marijuana dispensaries unless the area is zoned exclusively residential as of January 1, 2015 or as of the date that an application for a license is first filed for a marijuana establishment.
- Create a special tax rate limited to 15% on gross revenue of each marijuana growth, cultivation, and extraction facility and marijuana product manufacturing facility and a special tax rate limited to 5% on gross revenue of each retail marijuana store. Revenues from the tax go to a municipal and township government fund, a strong county fund, and the marijuana control commission fund.
- Create a marijuana incubator in Cuyahoga County to promote growth and development of the marijuana industry and locate marijuana testing facilities near colleges and universities in Athens, Cuyahoga, Lorain, Mahoning, Scioto and Wood Counties, at a minimum.
- Limit the ability of the legislature and local governments from regulating the manufacture, sales, distribution and use of marijuana and marijuana products. Create a new state government agency called the marijuana control commission (with limited

authority) to regulate the industry, comprised of seven Ohio residents appointed by the Governor, including a physician, a law enforcement officer, an administrative law attorney, a patient advocate, a resident experienced in owning, developing, managing and operating businesses, a resident with experience in the legal marijuana industry, and a member of the public.

SHALL THE AMENDMENT BE APPROVED?

Issue Three

Grants a monopoly for the commercial production and sale of marijuana for recreational and medicinal purposes

Proposed Constitutional Amendment

Proposed by Initiative Petition

To add Section 12 of Article XV of the Constitution of the State of Ohio.

A majority yes vote is necessary for the amendment to pass.

The proposed amendment would:

- Endow exclusive rights for commercial marijuana growth, cultivation, and extraction to self-designated landowners who own ten predetermined parcels of land in Butler, Clermont, Franklin, Hamilton, Licking, Lorain, Lucas, Delaware, Stark, and Summit Counties. One additional growth facility may be allowed for in four years only if existing facilities cannot meet consumer demand.
- Permit retail sale of recreational marijuana at approximately 1,100 locations statewide. Such retail establishments must have a state license that may be obtained only if the electors of the precinct where the store will be located approve the use of the location for such purpose at a local option election.
- Legalize the production of marijuana-infused products, including edible products, concentrates, sprays, ointments and tinctures by marijuana product manufacturing facilities.
- Allow each person, 21 years of age or older, to grow, cultivate, use, possess, and share up to eight ounces of usable homegrown marijuana plus four flowering marijuana plants if the person holds a valid state license. Allow each person, 21 years of age or older, to purchase, possess, transport, use, and share up to 1 ounce of marijuana for recreational use. Authorize the use of medical marijuana by any person, regardless of age, who has a certification for a debilitating medical condition.
- Prohibit marijuana establishments within 1,000 feet of a house of worship, public library, public or chartered elementary or secondary school, state-licensed day-care center, or public playground, however: after a certain date, a new day-care, library, etc., cannot force a preexisting marijuana establishment to relocate by opening a new location within 1,000 feet of the business.
- Prohibit any local or state law, including zoning laws, from being applied to prohibit the development or operation of marijuana growth, cultivation, and extraction facilities, retail marijuana stores, and medical marijuana dispensaries unless the area is zoned exclusively residential as of January 1, 2015 or as of the date that an application for a license is first filed for a marijuana establishment.
- Create a special tax rate limited to 15% on gross revenue of each marijuana growth, cultivation, and extraction facility and marijuana product manufacturing facility and a special tax rate limited to 5% on gross revenue of each retail marijuana store. Revenues from the tax go to a municipal and township government fund, a strong county fund, and the marijuana control commission fund.
- Create a marijuana incubator in Cuyahoga County to promote growth and development of the marijuana industry and locate marijuana testing facilities near colleges and universities in Athens, Cuyahoga, Lorain, Mahoning, Scioto and Wood Counties, at a minimum.
- Limit the ability of the legislature and local governments from regulating the manufacture, sales, distribution and use of marijuana and marijuana products. Create a new state government agency called the marijuana control commission (with limited

authority) to regulate the industry, comprised of seven Ohio residents appointed by the Governor, including a physician, a law enforcement officer, an administrative law attorney, a patient advocate, a resident experienced in owning, developing, managing and operating businesses, a resident with experience in the legal marijuana industry, and a member of the public.

SHALL THE AMENDMENT BE APPROVED?

- YES
- NO

PROPOSED TAX LEVY (RENEWAL) VANTAGE CAREER CENTER JOINT VOCATIONAL SCHOOL DISTRICT

A MAJORITY AFFIRMATIVE VOTE IS NECESSARY FOR PASSAGE

A renewal of a tax for the benefit of the Vantage Career Center Joint Vocational School District for the purpose of permanent improvements which shall include equipment and related technologies at a rate not exceeding 0.7 mill for each one dollar of valuation, which amounts to seven cents for each one hundred dollars of valuation, for five years, commencing in 2016, first due in calendar year 2017.

- FOR THE TAX LEVY
- AGAINST THE TAX LEVY

PROPOSED TAX LEVY (ADDITIONAL) KALIDA VILLAGE

A majority affirmative is necessary for passage

An additional tax for the benefit of Kalida Village for the purpose of police protection at a rate not exceeding 1.75 mills for each one dollar of valuation, which amounts to \$0.175 for each one hundred dollars in valuation, for a continuing period of time, commencing in 2015, first due in calendar year 2016.

- FOR THE TAX LEVY
- AGAINST THE TAX LEVY

PROPOSED (ORDINANCE/RESOLUTION) ELECTRIC AGGREGATION KALIDA VILLAGE

A majority affirmative vote is necessary for passage

Shall the Village of Kalida have the authority to aggregate the retail electric loads located in the Village, and for that purpose, enter into service agreements to facilitate for those loads the sale and purchase of electricity, such aggregation to occur automatically except where any person elects to opt out?

- YES
- NO

Issue Three

Grants a monopoly for the commercial production and sale of marijuana for recreational and medicinal purposes

Proposed Constitutional Amendment

Proposed by Initiative Petition

To add Section 12 of Article XV of the Constitution of the State of Ohio.

A majority yes vote is necessary for the amendment to pass.

The proposed amendment would:

- Endow exclusive rights for commercial marijuana growth, cultivation, and extraction to self-designated landowners who own ten predetermined parcels of land in Butler, Clermont, Franklin, Hamilton, Licking, Lorain, Lucas, Delaware, Stark, and Summit Counties. One additional growth facility may be allowed for in four years only if existing facilities cannot meet consumer demand.
- Permit retail sale of recreational marijuana at approximately 1,100 locations statewide. Such retail establishments must have a state license that may be obtained only if the electors of the precinct where the store will be located approve the use of the location for such purpose at a local option election.
- Legalize the production of marijuana-infused products, including edible products, concentrates, sprays, ointments and tinctures by marijuana product manufacturing facilities.
- Allow each person, 21 years of age or older, to grow, cultivate, use, possess, and share up to eight ounces of usable homegrown marijuana plus four flowering marijuana plants if the person holds a valid state license. Allow each person, 21 years of age or older, to purchase, possess, transport, use, and share up to 1 ounce of marijuana for recreational use. Authorize the use of medical marijuana by any person, regardless of age, who has a certification for a debilitating medical condition.
- Prohibit marijuana establishments within 1,000 feet of a house of worship, public library, public or chartered elementary or secondary school, state-licensed day-care center, or public playground, however: after a certain date, a new day-care, library, etc., cannot force a preexisting marijuana establishment to relocate by opening a new location within 1,000 feet of the business.
- Prohibit any local or state law, including zoning laws, from being applied to prohibit the development or operation of marijuana growth, cultivation, and extraction facilities, retail marijuana stores, and medical marijuana dispensaries unless the area is zoned exclusively residential as of January 1, 2015 or as of the date that an application for a license is first filed for a marijuana establishment.
- Create a special tax rate limited to 15% on gross revenue of each marijuana growth, cultivation, and extraction facility and marijuana product manufacturing facility and a special tax rate limited to 5% on gross revenue of each retail marijuana store. Revenues from the tax go to a municipal and township government fund, a strong county fund, and the marijuana control commission fund.
- Create a marijuana incubator in Cuyahoga County to promote growth and development of the marijuana industry and locate marijuana testing facilities near colleges and universities in Athens, Cuyahoga, Lorain, Mahoning, Scioto and Wood Counties, at a minimum.
- Limit the ability of the legislature and local governments from regulating the manufacture, sales, distribution and use of marijuana and marijuana products. Create a new state government agency called the marijuana control commission (with limited

authority) to regulate the industry, comprised of seven Ohio residents appointed by the Governor, including a physician, a law enforcement officer, an administrative law attorney, a patient advocate, a resident experienced in owning, developing, managing and operating businesses, a resident with experience in the legal marijuana industry, and a member of the public.

Issue Three

Grants a monopoly for the commercial production and sale of marijuana for recreational and medicinal purposes

Proposed Constitutional Amendment

Proposed by Initiative Petition

To add Section 12 of Article XV of the Constitution of the State of Ohio.

A majority yes vote is necessary for the amendment to pass.

The proposed amendment would:

- Endow exclusive rights for commercial marijuana growth, cultivation, and extraction to self-designated landowners who own ten predetermined parcels of land in Butler, Clermont, Franklin, Hamilton, Licking, Lorain, Lucas, Delaware, Stark, and Summit Counties. One additional growth facility may be allowed for in four years only if existing facilities cannot meet consumer demand.

- Permit retail sale of recreational marijuana at approximately 1,100 locations statewide. Such retail establishments must have a state license that may be obtained only if the electors of the precinct where the store will be located approve the use of the location for such purpose at a local option election.

- Legalize the production of marijuana-infused products, including edible products, concentrates, sprays, ointments and tinctures by marijuana product manufacturing facilities.

- Allow each person, 21 years of age or older, to grow, cultivate, use, possess, and share up to eight ounces of usable homegrown marijuana plus four flowering marijuana plants if the person holds a valid state license. Allow each person, 21 years of age or older, to purchase, possess, transport, use, and share up to 1 ounce of marijuana for recreational use. Authorize the use of medical marijuana by any person, regardless of age, who has a certification for a debilitating medical condition.

- Prohibit marijuana establishments within 1,000 feet of a house of worship, public library, public or chartered elementary or secondary school, state-licensed day-care center, or public playground, however: after a certain date, a new day-care, library, etc., cannot force a preexisting marijuana establishment to relocate by opening a new location within 1,000 feet of the business.

- Prohibit any local or state law, including zoning laws, from being applied to prohibit the development or operation of marijuana growth, cultivation, and extraction facilities, retail marijuana stores, and medical marijuana dispensaries unless the area is zoned exclusively residential as of January 1, 2015 or as of the date that an application for a license is first filed for a marijuana establishment.

- Create a special tax rate limited to 15% on gross revenue of each marijuana growth, cultivation, and extraction facility and marijuana product manufacturing facility and a special tax rate limited to 5% on gross revenue of each retail marijuana store. Revenues from the tax go to a municipal and township government fund, a strong county fund, and the marijuana control commission fund.

- Create a marijuana incubator in Cuyahoga County to promote growth and development of the marijuana industry and locate marijuana testing facilities near colleges and universities in Athens, Cuyahoga, Lorain, Mahoning, Scioto and Wood Counties, at a minimum.

- Limit the ability of the legislature and local governments from regulating the manufacture, sales, distribution and use of marijuana and marijuana products. Create a new state government agency called the marijuana control commission (with limited

authority) to regulate the industry, comprised of seven Ohio residents appointed by the Governor, including a physician, a law enforcement officer, an administrative law attorney, a patient advocate, a resident experienced in owning, developing, managing and operating businesses, a resident with experience in the legal marijuana industry, and a member of the public.

Issue Three

Grants a monopoly for the commercial production and sale of marijuana for recreational and medicinal purposes

Proposed Constitutional Amendment

Proposed by Initiative Petition

To add Section 12 of Article XV of the Constitution of the State of Ohio.

A majority yes vote is necessary for the amendment to pass.

The proposed amendment would:

- Endow exclusive rights for commercial marijuana growth, cultivation, and extraction to self-designated landowners who own ten predetermined parcels of land in Butler, Clermont, Franklin, Hamilton, Licking, Lorain, Lucas, Delaware, Stark, and Summit Counties. One additional growth facility may be allowed for in four years only if existing facilities cannot meet consumer demand.

- Permit retail sale of recreational marijuana at approximately 1,100 locations statewide. Such retail establishments must have a state license that may be obtained only if the electors of the precinct where the store will be located approve the use of the location for such purpose at a local option election.

- Legalize the production of marijuana-infused products, including edible products, concentrates, sprays, ointments and tinctures by marijuana product manufacturing facilities.

- Allow each person, 21 years of age or older, to grow, cultivate, use, possess, and share up to eight ounces of usable homegrown marijuana plus four flowering marijuana plants if the person holds a valid state license. Allow each person, 21 years of age or older, to purchase, possess, transport, use, and share up to 1 ounce of marijuana for recreational use. Authorize the use of medical marijuana by any person, regardless of age, who has a certification for a debilitating medical condition.

- Prohibit marijuana establishments within 1,000 feet of a house of worship, public library, public or chartered elementary or secondary school, state-licensed day-care center, or public playground, however: after a certain date, a new day-care, library, etc., cannot force a preexisting marijuana establishment to relocate by opening a new location within 1,000 feet of the business.

- Prohibit any local or state law, including zoning laws, from being applied to prohibit the development or operation of marijuana growth, cultivation, and extraction facilities, retail marijuana stores, and medical marijuana dispensaries unless the area is zoned exclusively residential as of January 1, 2015 or as of the date that an application for a license is first filed for a marijuana establishment.

- Create a special tax rate limited to 15% on gross revenue of each marijuana growth, cultivation, and extraction facility and marijuana product manufacturing facility and a special tax rate limited to 5% on gross revenue of each retail marijuana store. Revenues from the tax go to a municipal and township government fund, a strong county fund, and the marijuana control commission fund.

- Create a marijuana incubator in Cuyahoga County to promote growth and development of the marijuana industry and locate marijuana testing facilities near colleges and universities in Athens, Cuyahoga, Lorain, Mahoning, Scioto and Wood Counties, at a minimum.

- Limit the ability of the legislature and local governments from regulating the manufacture, sales, distribution and use of marijuana and marijuana products. Create a new state government agency called the marijuana control commission (with limited

authority) to regulate the industry, comprised of seven Ohio residents appointed by the Governor, including a physician, a law enforcement officer, an administrative law attorney, a patient advocate, a resident experienced in owning, developing, managing and operating businesses, a resident with experience in the legal marijuana industry, and a member of the public.

SHALL THE AMENDMENT BE APPROVED?

Issue Three

Grants a monopoly for the commercial production and sale of marijuana for recreational and medicinal purposes

Proposed Constitutional Amendment

Proposed by Initiative Petition

To add Section 12 of Article XV of the Constitution of the State of Ohio.

A majority yes vote is necessary for the amendment to pass.

The proposed amendment would:

- Endow exclusive rights for commercial marijuana growth, cultivation, and extraction to self-designated landowners who own ten predetermined parcels of land in Butler, Clermont, Franklin, Hamilton, Licking, Lorain, Lucas, Delaware, Stark, and Summit Counties. One additional growth facility may be allowed for in four years only if existing facilities cannot meet consumer demand.

- Permit retail sale of recreational marijuana at approximately 1,100 locations statewide. Such retail establishments must have a state license that may be obtained only if the electors of the precinct where the store will be located approve the use of the location for such purpose at a local option election.

- Legalize the production of marijuana-infused products, including edible products, concentrates, sprays, ointments and tinctures by marijuana product manufacturing facilities.

- Allow each person, 21 years of age or older, to grow, cultivate, use, possess, and share up to eight ounces of usable homegrown marijuana plus four flowering marijuana plants if the person holds a valid state license. Allow each person, 21 years of age or older, to purchase, possess, transport, use, and share up to 1 ounce of marijuana for recreational use. Authorize the use of medical marijuana by any person, regardless of age, who has a certification for a debilitating medical condition.

- Prohibit marijuana establishments within 1,000 feet of a house of worship, public library, public or chartered elementary or secondary school, state-licensed day-care center, or public playground, however: after a certain date, a new day-care, library, etc., cannot force a preexisting marijuana establishment to relocate by opening a new location within 1,000 feet of the business.

- Prohibit any local or state law, including zoning laws, from being applied to prohibit the development or operation of marijuana growth, cultivation, and extraction facilities, retail marijuana stores, and medical marijuana dispensaries unless the area is zoned exclusively residential as of January 1, 2015 or as of the date that an application for a license is first filed for a marijuana establishment.

- Create a special tax rate limited to 15% on gross revenue of each marijuana growth, cultivation, and extraction facility and marijuana product manufacturing facility and a special tax rate limited to 5% on gross revenue of each retail marijuana store. Revenues from the tax go to a municipal and township government fund, a strong county fund, and the marijuana control commission fund.

- Create a marijuana incubator in Cuyahoga County to promote growth and development of the marijuana industry and locate marijuana testing facilities near colleges and universities in Athens, Cuyahoga, Lorain, Mahoning, Scioto and Wood Counties, at a minimum.

- Limit the ability of the legislature and local governments from regulating the manufacture, sales, distribution and use of marijuana and marijuana products. Create a new state government agency called the marijuana control commission (with limited

authority) to regulate the industry, comprised of seven Ohio residents appointed by the Governor, including a physician, a law enforcement officer, an administrative law attorney, a patient advocate, a resident experienced in owning, developing, managing and operating businesses, a resident with experience in the legal marijuana industry, and a member of the public.

SHALL THE AMENDMENT BE APPROVED?

Issue Three

Grants a monopoly for the commercial production and sale of marijuana for recreational and medicinal purposes

Proposed Constitutional Amendment

Proposed by Initiative Petition

To add Section 12 of Article XV of the Constitution of the State of Ohio.

A majority yes vote is necessary for the amendment to pass.

The proposed amendment would:

- Endow exclusive rights for commercial marijuana growth, cultivation, and extraction to self-designated landowners who own ten predetermined parcels of land in Butler, Clermont, Franklin, Hamilton, Licking, Lorain, Lucas, Delaware, Stark, and Summit Counties. One additional growth facility may be allowed for in four years only if existing facilities cannot meet consumer demand.

- Permit retail sale of recreational marijuana at approximately 1,100 locations statewide. Such retail establishments must have a state license that may be obtained only if the electors of the precinct where the store will be located approve the use of the location for such purpose at a local option election.

- Legalize the production of marijuana-infused products, including edible products, concentrates, sprays, ointments and tinctures by marijuana product manufacturing facilities.

- Allow each person, 21 years of age or older, to grow, cultivate, use, possess, and share up to eight ounces of usable homegrown marijuana plus four flowering marijuana plants if the person holds a valid state license. Allow each person, 21 years of age or older, to purchase, possess, transport, use, and share up to 1 ounce of marijuana for recreational use. Authorize the use of medical marijuana by any person, regardless of age, who has a certification for a debilitating medical condition.

- Prohibit marijuana establishments within 1,000 feet of a house of worship, public library, public or chartered elementary or secondary school, state-licensed day-care center, or public playground, however: after a certain date, a new day-care, library, etc., cannot force a preexisting marijuana establishment to relocate by opening a new location within 1,000 feet of the business.

- Prohibit any local or state law, including zoning laws, from being applied to prohibit the development or operation of marijuana growth, cultivation, and extraction facilities, retail marijuana stores, and medical marijuana dispensaries unless the area is zoned exclusively residential as of January 1, 2015 or as of the date that an application for a license is first filed for a marijuana establishment.

- Create a special tax rate limited to 15% on gross revenue of each marijuana growth, cultivation, and extraction facility and marijuana product manufacturing facility and a special tax rate limited to 5% on gross revenue of each retail marijuana store. Revenues from the tax go to a municipal and township government fund, a strong county fund, and the marijuana control commission fund.

- Create a marijuana incubator in Cuyahoga County to promote growth and development of the marijuana industry and locate marijuana testing facilities near colleges and universities in Athens, Cuyahoga, Lorain, Mahoning, Scioto and Wood Counties, at a minimum.

- Limit the ability of the legislature and local governments from regulating the manufacture, sales, distribution and use of marijuana and marijuana products. Create a new state government agency called the marijuana control commission (with limited

authority) to regulate the industry, comprised of seven Ohio residents appointed by the Governor, including a physician, a law enforcement officer, an administrative law attorney, a patient advocate, a resident experienced in owning, developing, managing and operating businesses, a resident with experience in the legal marijuana industry, and a member of the public.

SHALL THE AMENDMENT BE APPROVED?

Issue Three

Grants a monopoly for the commercial production and sale of marijuana for recreational and medicinal purposes

Proposed Constitutional Amendment

Proposed by Initiative Petition

To add Section 12 of Article XV of the Constitution of the State of Ohio.

A majority yes vote is necessary for the amendment to pass.

The proposed amendment would:

- Endow exclusive rights for commercial marijuana growth, cultivation, and extraction to self-designated landowners who own ten predetermined parcels of land in Butler, Clermont, Franklin, Hamilton, Licking, Lorain, Lucas, Delaware, Stark, and Summit Counties. One additional growth facility may be allowed for in four years only if existing facilities cannot meet consumer demand.

- Permit retail sale of recreational marijuana at approximately 1,100 locations statewide. Such retail establishments must have a state license that may be obtained only if the electors of the precinct where the store will be located approve the use of the location for such purpose at a local option election.

- Legalize the production of marijuana-infused products, including edible products, concentrates, sprays, ointments and tinctures by marijuana product manufacturing facilities.

- Allow each person, 21 years of age or older, to grow, cultivate, use, possess, and share up to eight ounces of usable homegrown marijuana plus four flowering marijuana plants if the person holds a valid state license. Allow each person, 21 years of age or older, to purchase, possess, transport, use, and share up to 1 ounce of marijuana for recreational use. Authorize the use of medical marijuana by any person, regardless of age, who has a certification for a debilitating medical condition.

- Prohibit marijuana establishments within 1,000 feet of a house of worship, public library, public or chartered elementary or secondary school, state-licensed day-care center, or public playground, however: after a certain date, a new day-care, library, etc., cannot force a preexisting marijuana establishment to relocate by opening a new location within 1,000 feet of the business.

- Prohibit any local or state law, including zoning laws, from being applied to prohibit the development or operation of marijuana growth, cultivation, and extraction facilities, retail marijuana stores, and medical marijuana dispensaries unless the area is zoned exclusively residential as of January 1, 2015 or as of the date that an application for a license is first filed for a marijuana establishment.

- Create a special tax rate limited to 15% on gross revenue of each marijuana growth, cultivation, and extraction facility and marijuana product manufacturing facility and a special tax rate limited to 5% on gross revenue of each retail marijuana store. Revenues from the tax go to a municipal and township government fund, a strong county fund, and the marijuana control commission fund.

- Create a marijuana incubator in Cuyahoga County to promote growth and development of the marijuana industry and locate marijuana testing facilities near colleges and universities in Athens, Cuyahoga, Lorain, Mahoning, Scioto and Wood Counties, at a minimum.

- Limit the ability of the legislature and local governments from regulating the manufacture, sales, distribution and use of marijuana and marijuana products. Create a new state government agency called the marijuana control commission (with limited

authority) to regulate the industry, comprised of seven Ohio residents appointed by the Governor, including a physician, a law enforcement officer, an administrative law attorney, a patient advocate, a resident experienced in owning, developing, managing and operating businesses, a resident with experience in the legal marijuana industry, and a member of the public.

SHALL THE AMENDMENT BE APPROVED?

YES

NO

PROPOSED TAX LEVY (RENEWAL) PLEASANT TOWNSHIP

A majority affirmative vote is necessary for passage

A renewal of a tax for the benefit of Pleasant Township for the purpose of purchasing new fire equipment at a rate not exceeding 0.45 mill for each one dollar of valuation, which amounts to \$0.045 for each one hundred dollars of valuation, for 5 years, commencing in 2016, first due in calendar year 2017.

FOR THE TAX LEVY

AGAINST THE TAX LEVY

PROPOSED TAX LEVY (RENEWAL) OTTAWA-GLANDORF LOCAL SCHOOL DISTRICT

A majority affirmative vote is necessary for passage

Shall a levy renewing an existing levy be imposed by the Ottawa-Glandorf Local School District, for the purpose of providing for the emergency requirements of the school district in the sum of \$451,863, and a levy of taxes to be made outside the ten-mill limitation estimated by the county auditor to average 2.1 mills for each one dollar of valuation, which amounts to \$0.21 for each one hundred dollars of valuation, for a period of 5 years, commencing in 2016, first due calendar year 2017?

Issue Three

Grants a monopoly for the commercial production and sale of marijuana for recreational and medicinal purposes

Proposed Constitutional Amendment

Proposed by Initiative Petition

To add Section 12 of Article XV of the Constitution of the State of Ohio.

A majority yes vote is necessary for the amendment to pass.

The proposed amendment would:

- Endow exclusive rights for commercial marijuana growth, cultivation, and extraction to self-designated landowners who own ten predetermined parcels of land in Butler, Clermont, Franklin, Hamilton, Licking, Lorain, Lucas, Delaware, Stark, and Summit Counties. One additional growth facility may be allowed for in four years only if existing facilities cannot meet consumer demand.

- Permit retail sale of recreational marijuana at approximately 1,100 locations statewide. Such retail establishments must have a state license that may be obtained only if the electors of the precinct where the store will be located approve the use of the location for such purpose at a local option election.

- Legalize the production of marijuana-infused products, including edible products, concentrates, sprays, ointments and tinctures by marijuana product manufacturing facilities.

- Allow each person, 21 years of age or older, to grow, cultivate, use, possess, and share up to eight ounces of usable homegrown marijuana plus four flowering marijuana plants if the person holds a valid state license. Allow each person, 21 years of age or older, to purchase, possess, transport, use, and share up to 1 ounce of marijuana for recreational use. Authorize the use of medical marijuana by any person, regardless of age, who has a certification for a debilitating medical condition.

- Prohibit marijuana establishments within 1,000 feet of a house of worship, public library, public or chartered elementary or secondary school, state-licensed day-care center, or public playground, however: after a certain date, a new day-care, library, etc., cannot force a preexisting marijuana establishment to relocate by opening a new location within 1,000 feet of the business.

- Prohibit any local or state law, including zoning laws, from being applied to prohibit the development or operation of marijuana growth, cultivation, and extraction facilities, retail marijuana stores, and medical marijuana dispensaries unless the area is zoned exclusively residential as of January 1, 2015 or as of the date that an application for a license is first filed for a marijuana establishment.

- Create a special tax rate limited to 15% on gross revenue of each marijuana growth, cultivation, and extraction facility and marijuana product manufacturing facility and a special tax rate limited to 5% on gross revenue of each retail marijuana store. Revenues from the tax go to a municipal and township government fund, a strong county fund, and the marijuana control commission fund.

- Create a marijuana incubator in Cuyahoga County to promote growth and development of the marijuana industry and locate marijuana testing facilities near colleges and universities in Athens, Cuyahoga, Lorain, Mahoning, Scioto and Wood Counties, at a minimum.

- Limit the ability of the legislature and local governments from regulating the manufacture, sales, distribution and use of marijuana and marijuana products. Create a new state government agency called the marijuana control commission (with limited

authority) to regulate the industry, comprised of seven Ohio residents appointed by the Governor, including a physician, a law enforcement officer, an administrative law attorney, a patient advocate, a resident experienced in owning, developing, managing and operating businesses, a resident with experience in the legal marijuana industry, and a member of the public.
