**Continuation  
Issue 3**

- Prohibit marijuana establishments within 1,000 feet of a house of worship, public library, public or chartered elementary or secondary school, state-licensed day-care center, or public playground, however: after a certain date, a new day-care, library, etc., cannot force a preexisting marijuana establishment to relocate by opening a new location within 1,000 feet of the business.
- Prohibit any local or state law, including zoning laws, from being applied to prohibit the development or operation of marijuana growth, cultivation, and extraction facilities, retail marijuana stores, and medical marijuana dispensaries unless the area is zoned exclusively residential as of January 1, 2015 or as of the date that an application for a license is first filed for a marijuana establishment.
- Create a special tax rate limited to 15% on gross revenue of each marijuana growth, cultivation, and extraction facility and marijuana product manufacturing facility and a special tax rate limited to 5% on gross revenue of each retail marijuana store. Revenues from the tax go to a municipal and township government fund, a strong county fund, and the marijuana control commission fund.
- Create a marijuana incubator in Cuyahoga County to promote growth and development of the marijuana industry and locate marijuana testing facilities near colleges and universities in Athens, Cuyahoga, Lorain, Mahoning, Scioto and Wood Counties, at a minimum.
- Limit the ability of the legislature and local governments from regulating the manufacture, sales, distribution and use of marijuana and marijuana products. Create a new state government agency called the marijuana control commission (with limited authority) to regulate the industry, comprised of seven Ohio residents appointed by the Governor, including a physician, a law enforcement officer, an administrative law attorney, a patient advocate, a resident experienced in owning, developing, managing and operating businesses, a resident with experience in the legal marijuana industry, and a member of the public.
